In the Matter of **Independent Emergency Services, LLC** 's Request for Approval of Certified Actual Costs Associated with the **Redwood County** 911 Emergency Telephone Services System

ISSUE DATE: September 11, 2000

DOCKET NO. **P5270/ES-00-858**

ORDER APPROVING CERTIFIED 911
SYSTEM COSTS

BACKGROUND

On April 24, 1984, the Minnesota Public Utilities Commission (the Commission) approved Redwood County's final plan for the establishment of a 911 Emergency Telephone Services System.

On March 11, 1986, the Commission approved the actual costs U S West Communications (formerly known as Northwestern Bell) incurred for placing a portion of a 911 Emergency Telephone Service in Redwood County.

On November 5, 1986, the Commission approved Clements Telephone Company's initial cost certification for placing a portion of a 911 Emergency Telephone Service in Redwood County.

On November 12, 1986, the Commission approved Redwood County Telephone Company's initial cost certification for placing a portion of a 911 Emergency Telephone Service in Redwood County.

On September 2, 1987, the Commission approved Minnesota Valley Telephone Company's initial cost certification for placing a portion of a 911 Emergency Telephone Service in Redwood County.

On November 25, 1987, the Commission approved the actual costs Sanborn Telephone Company incurred for placing a portion of a 911 Emergency Telephone Service in Redwood County

On December 21, 1988, the Commission approved the recertified costs U S West Communications incurred for placing a portion of a 911 Emergency Telephone Service in Redwood County.

On May 19, 1995, the Commission approved Minnesota Valley Telephone Company's second cost certification for placing a portion of a 911 Emergency Telephone Service in Redwood County.

On March 19, 1996, the Commission approved Redwood County Telephone Company's second cost certification for upgrading the company's 911 system in Redwood County.

On October 31, 1996, the Commission approved Redwood County Telephone Company's third cost certification for placing a portion of a 911 Emergency Telephone Service in Redwood County.

On October 31, 1996, the Commission approved actual costs Clements Telephone Company incurred for placing a portion of the 911 Emergency Services system in Redwood County.

On August 17, 1998, the Commission approved Clements Telephone Company's third cost certification for placing a portion of the 911 Emergency Services system in Redwood County.

On September 21, 1998, the Commission approved Clements Telephone Company's fourth cost certification for placing a portion of the 911 Emergency Services system in Redwood County.

On September 21, 1998, the Commission approved costs incurred by Redwood County Telephone Company for the 911 Emergency Services system in Redwood County.

On February 4, 1999, the Commission approved the actual costs Independent Emergency Service, Limited Liability Company incurred for the provision of Automatic Number Identification (ANI) and Automatic Location Identification (ALI) services in Redwood County.

On September 17, 1999, the Commission approved actual costs Woodstock Telephone Company incurred for installing a portion of ANI for the 911 Emergency Services system in Redwood County.

On December 27, 1999, the Commission approved actual costs Hutchinson Telephone Company it incurred for the provision of ALI service in Redwood County.

CURRENT FILING

On April 10, 1997, Redwood County contracted with Independent Emergency Services, LLC (IES) for the installation of selective routing for ALI in their 911 Emergency Services system.

On May 26, 2000, IES installed incoming trunk ports (two each) for ANI service between the Hutchinson Selective Router to the Lamberton, Sanborn, Wabasso, Clements, Morgan, Redwood Falls, Red Del, Falls Junction, Belview, Vesta, Seaforth, Lucan, Milroy, and Walnut Grove Exchanges. IES also installed selective routing for the Redwood Falls and Fall Junction

Exchanges and set up ALI databases for the Exchanges. IES also installed ALI databases for two Public Service Answering Point (PSAP) trunk ports from Hutchinson to Redwood Falls and Annadale to Redwood Falls Exchanges.

On June 19, 2000, IES certified actual costs incurred in providing incoming trunk ports to the Hutchinson Selective Router from the various exchanges listed, selective routing and data bases for ALI service for the tandem based 911 Emergency Services system in Redwood County.

IES is now requesting Commission approval of the actual costs incurred in providing tandem based ALI Services. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Independent Emergency Services, LLC has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A, reflect only charges for services actually rendered in the direct provision of 911 service in Redwood County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Redwood County which have been certified by the Company are appropriate and accurate.
